Engine mounted AC compressor for best cooling performance

Reduced refrigerant charge due to Multi Flow Condenser

Easy maintenance access

High cooling capacity - 25KW

High air flow - 4200 m³/h

Low weight - 108 Kg

Easy installation

Starbus AC SKOOL 

Safety and Comfort every day

Every AC Starbus Skool incorporates 25 safe, stylish and stress-free features that ensure optimal safety and comfortable rides for your children. These features adhere to recommended Government guidelines, thereby ensuring safety for school children.

Starbus AC SKOOL

1

Fluorescent exterior

The bright golden yellow exterior of the bus enhances visibility.

2

School bus logo

The prominent logo helps other drivers identify the school bus from afar and drive carefully around it.

3

Anti-skid flooring

The easily washable flooring has an anti-skid surface that prevents children from slipping, even when the surface is wet.

4

STOP sign

The bright luminescent 'STOP' sign on the door acts as a caution to other drivers while the children board or alight from the bus.

5

First-aid kit

The kit can accommodate essential medical supplies to handle minor injuries that may occur during transportation.

6

Fire extinguisher

As per Tata Motors' safety guidelines, the Starbus Skool range has fire extinguishers that are handy in times of emergency, to ensure safety.

8

Lowered first step

The retractable lowered first step allows children to board and alight from the bus with minimum effort and risk of injury.

9

Childcare seats

The ergonomically designed seats ensure that children enjoy a comfortable ride to and from school.

10

Armrest

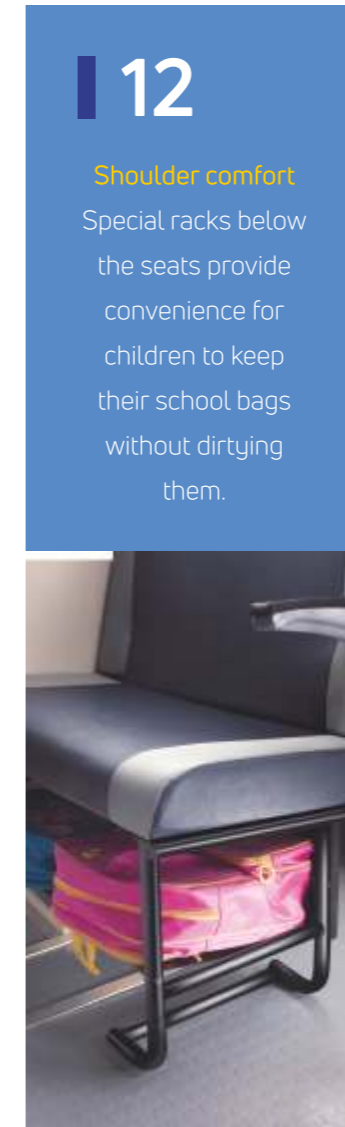

Each armrest is padded, to prevent injuries from sharp edges.

11

Tooth guard

The rigid top of the seat is covered with additional padding to protect children from hurting their teeth.

12

Shoulder comfort

Special racks below the seats provide convenience for children to keep their school bags without dirtying them.

13

Hatrack

Apart from special racks, these buses also have hatracks for extra space and shoulder comfort. (Tubular hatracks in non-AC buses and modular hatracks in AC buses)

14

Bottle-holder

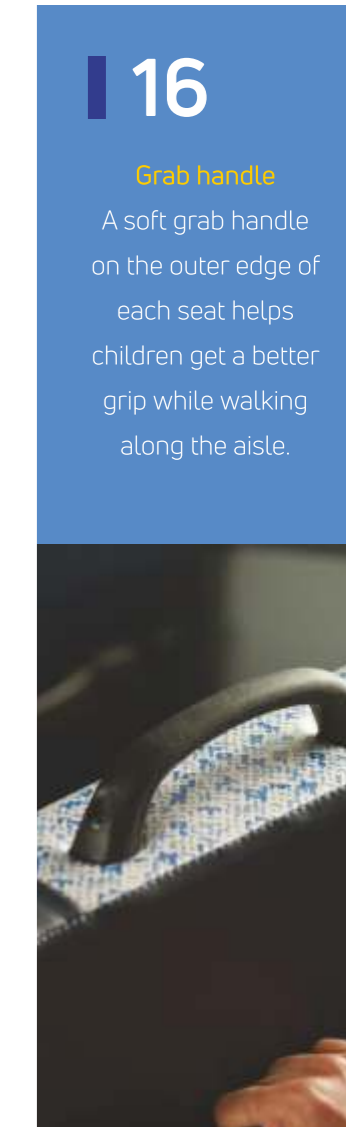

The embedded hooks allow children to hang their water bottles.

15

Collapsible handles

The handles provide support to the children when the bus turns or stops suddenly.

16

Grab handle

A soft grab handle on the outer edge of each seat helps children get a better grip while walking along the aisle.

18

Guide rails

Guide rails on the roof with grab strap handles provide children with a better grip inside the bus.

19

Padded windows

The soft padding prevents the possibility of injury while the children enjoy a pleasant view of the surroundings.

17

Spacious windows

The extra large windows allow sunlight and fresh air into the bus.

20

Window guard rails

The guard rails on windows ensure added security for children.

21

Guarded driver saloon

The tubular guard rail separates the driver's cabin from the passenger area, thereby preventing driver distraction.

22

Door alarm

A warning alarm alerts the driver in case any door is left open.

23

STOP switches

In case of an emergency or an unscheduled halt, the children can press the STOP switch located on every window pane, to alert the driver to halt. (STOP switch is on the Stanchion Rod near the door in 16 to 40-seater buses)

24

Emergency exits

The rear windshield, made of breakable glass, and rear emergency door both ensure a large and effective space for evacuation of children, in case of an emergency. A hammer has been provided, for easy breakage of the rear windshield glass.

25

Individual seat lap-belts

Starbus Skool offer individual seat lap-belts, for added safety as per AIS 052

Built for children and indigenously designed for travel conditions

Safety for the "Man in Control" A special driver's work area

An experienced, relaxed and undisturbed driver is the best safety measure in any vehicle. That's why every AC Starbus Skool is designed to help the driver stay focused and drive safely. The driver area is provided with a tubular, latched, swing type guardrail that offers a comfortable work area for the driver. The driver's seat is equipped with a 2-way adjustable, reclining facility and is provided with a seat belt. The clear layout of instruments ensures easy operation of controls, while the one-piece windshield gives the driver an unobstructed view of the road.

Starbus AC SKOOL  Seating Options

Tata Bus Terminus A single source for a range of services

Now you can avoid the hassles of interacting with multiple vendors and agencies in building a bus, and subsequent servicing of the body and chassis. Tata Motors, with its fully-built range of buses, offers a one-stop solution for bus buyers - the Tata Bus Terminus.

Tata Bus Terminus services include:

Easy finance schemes that facilitate easy purchase of your desired AC Starbus Skool.

A range of fully-built buses to choose from, along with spares and accessories, not only for the chassis but also for the complete bus.

Attractive annual maintenance contract, which includes repair services, overall maintenance, genuine spares and breakdown services for the bus.

A 36-month or 3,00,000 km warranty based on model categories, which includes a 6-month warranty on paint peel-off and blistering.

The Sampurna Seva Package provides maintenance facilities, including repair services, overall maintenance, genuine spares and breakdown services for the bus.

A nationwide service network enables you to access our nearest service partners, Tata Motors channel partners or Tata Motors branches conveniently, wherever you are.

Toll-free Customer Care assists you on any of our products. You can call us at **1800 209 7979**, anytime between 9:30 am and 6:00 pm, Monday to Saturday. Our executives will be glad to answer your queries and provide you with the latest information. Alternately, you may email us at businfo@tatomotors.com or visit www.buses.tatomotors.com

You may also walk into any of our four regional offices, area offices or dealer branches across the country.

Call our 24-hour Customer Service Helpline at **1800 209 7979** for more details.
